

JDialog

```
graph BT; CustomerSelector[com.pekinsoft.loadmaster.view.CustomerSelector] --> JDialog[JDialog];
```

A UML class diagram showing an inheritance relationship. A box labeled 'JDialog' is at the top. Below it is a box labeled 'com.pekinsoft.loadmaster.view.CustomerSelector'. A blue arrow points from the 'CustomerSelector' box up to the 'JDialog' box, indicating that 'CustomerSelector' inherits from 'JDialog'.
